YEAPTEL

Government Communications Capability Statement

UEI Code: QR3NWW2F8UY3 | CAGE Code: 09B60 | SAM.gov: Active - All Awards

COMPANY / SOLUTION OVERVIEW

YeapTel is Yeap Inc.'s patent-pending cloud communications platform for multilingual government operations. It unifies calling, live voice translation, translated messaging, intelligent routing, identity-aware contacts, and continuity controls across browser, desktop, and mobile endpoints.

Cloud communications built for distributed teams, public service operations, and multilingual engagement.

PATENT-PENDING INNOVATIONS

U.S. Provisional Patent Application 64/142,421

- ✓ **Real-time voice translation** during live calls
- ✓ **Direction-specific** translated audio per participant
- ✓ Multilingual, **contact-aware** translated messaging
- ✓ **Intelligent, versioned** call routing
- ✓ Usage metering with **low-balance warning** and controlled pause
- ✓ **Wallet-funded** entitlement activation
- ✓ Unified resolution of carrier numbers and **Yeap virtual identities**
- ✓ **Browser-to-native** mobile call continuity
- ✓ Secure, **single-use** authentication handoff

COMPANY DATA

FCC FRN: 0037321387

Project Spectrum: NIST 105; CMMC L1 159; CMMC L2 98

Assessment date: 05/08/2025

SAM.gov registered small business

Address: 1200 Main Street, Unit 609, Dallas, TX 75202

REPRESENTATIVE GOVERNMENT USES

Agency and contractor phone systems
Field and emergency support teams
Constituent service lines
Multilingual outreach programs
