COMPANY / SOLUTION OVERVIEW

TeamBench is Yeap Inc.'s subcontractor and teaming partner directory, built on SAM.gov's public entity data. Contracting officers and prime contractors search more than 500,000 registered companies by what they do, NAICS code, set-aside certification, state, and keyword, open company profiles and capability statements, and reach the owners of claimed listings. Verified .gov, .mil, and .fed.us users see full profiles, capability statements, and shared contacts at no cost.

Find qualified subcontractors and teaming partners by trade, place, and certification.

CORE COMPETENCIES

Directory Search: Registered companies by capability, NAICS code, set-aside certification, state, UEI, or CAGE.

Owner-Verified Listings: Owners claim their listing through their website domain, their phone, or a review, and keep it current.

Capability Statements: Owners publish capability statements and division pages that open in the browser.

Government Access: Verified government users see full profiles, statements, and shared contacts free of charge.

Trade & Set-Aside Pages: Public pages by NAICS trade and by set-aside certification, nationwide and by state.

Teaming with BidTrails: Primes invite listed companies into private partner rooms on a bid, and confirmed jobs can be reviewed both ways.
